Vacations should be the most relaxing, most energizing, and most restorative time of the year. Yet, even with the ocean, the sand, the private pool, the secluded location, and the long leisurely breakfasts, sometimes we need a little more help to fully shake off the distractions of the modern world.

At Fusion Resort Phu Quoc, with its unique ocean and river-front location, its extensive all-inclusive spa facility, and its luxury "all-pool" villas, we've taken our signature wellbeing concept a step further, combining every element of the Fusion lifestyle into an all-inclusive wellness package.

# fusionvoyage

Leave the planning and decision-making to us as we become your guides on a tailor-made journey, a fusionvoyage, towards a calmer, healthier, and more balanced lifestyle. With daily fitness programs, relaxing tai chi and meditation sessions, spa and beauty treatments, and all meals, drinks, and accommodation included in the price, the only thing you have to think about is how long you want your journey to last.

*Available for 3, 5, or 7 days, fusionvoyage incorporates each of Fusion's 3 Wellness Pillars for complete wellbeing.*

## fusionmind

*for complete physical fitness*

Following an initial wellness consultation, an exercise and activity program will be put together just for you according to your personal objectives and abilities. Begin your day with yoga on the beach, for example, then dive in for an invigorating swim in the ocean or the pool. After breakfast, take a peaceful walk (or an invigorating bike ride) through the countryside, or push yourself to the limit with a personal trainer session in the gym. In the afternoon, ease your tired muscles with a soothing visit to the spa before slipping into a hot herbal bath in the comfort of your villa.

## fusion sense

*for optimal wellbeing from the inside out*

As part of Fusion's holistic approach to wellness, the fusionvoyage package includes daily menus of nutritious meals and drinks. Carefully crafted by our Executive Chef and using only the finest, freshest ingredients available, each element will work in harmony with the next to create a well-balanced diet full of flavor, color, and variety. And with nutritional workshops, dietary assessments, and expert cooking classes also provided, the fusionvoyage can continue long after you've checked-out and returned home.

## fusion soul

*breathe in, breathe out, and just let go*

Achieve inner peace through regular yoga, tai chi, and guided meditation sessions, plus daily rejuvenating massages, reflexology, uplifting facials, and luxurious beauty treatments. Our 5 and 7-day fusionvoyage passengers are also invited to make a deep and lasting connection to Phu Quoc, its landscapes, and its people, through daily trips, activities and unique cultural encounters. From two-wheeled tours of the fishing villages to early-morning visits to mist-covered temples and pagodas, we'll help you explore and discover our beautiful island home like a true local.
